STAFF REPORT

TO: Utility and Infrastructure Board
FROM: Alan Kaspar, Director of Transmission & Distribution
Troy Schaben, Assistant Utility General Manager
DATE: January 27, 2026
SUBJECT: BNSF License for Electric Supply Line Crossing

Recommendation: Recommend City Council approve Resolution authorizing Mayor to execute a License Agreement for Electric Supply Line Across Railway with BNSF Railroad.

Background:

Transmission & Distribution will be constructing an additional electric distribution feed to the Fremont Beef campus to be used as a backup during outage events. Fremont Beef has already agreed to reimburse the City for the costs incurred. Fees will be collected up-front before work begins.

The route of this additional feed will cross over BNSF railroad tracks. An overhead electric supply line crossing requires a license agreement be executed and applicable railroad fees be paid.

Staff completed line design and submitted a crossing application with BNSF. BNSF has approved the crossing pending execution of the license agreement and remittance of associated fees.

Staff and City legal counsel have reviewed and approve of the terms of the agreement.

Staff therefore recommends that the Utility and Infrastructure Board recommend that City Council approve the Resolution authorizing the Mayor to execute a License Agreement for Electric Supply Line Across Railway Property with BNSF.

Fiscal Impact:

Fees associated with the execution of this agreement total \$4,406.00. Fremont Beef has agreed to reimburse the City for these fees, and will do so before any work takes place.

**LICENSE FOR ELECTRIC SUPPLY LINE
ACROSS OR ALONG RAILWAY PROPERTY**

(Electric Light, Power Supply, Irrespective of Voltage, Overhead or Underground)

THIS LICENSE FOR ELECTRIC SUPPLY LINE ("**License**") is made to be effective _____, 2026 (the "**Effective Date**") by and between **BNSF RAILWAY COMPANY**, a Delaware corporation ("**Licensor**") and **CITY OF FREMONT DEPARTMENT OF UTILITIES**, a Nebraska utility ("**Licensee**").

In consideration of the mutual covenants contained herein, the parties agree to the following:

GENERAL

1. **Grant of License.** Licensor hereby grants Licensee a non-exclusive license, subject to all rights, interests, and estates of third parties, including, without limitation, any leases, use rights, easements, liens, or other encumbrances, and upon the terms and conditions set forth below, to construct and maintain, in strict accordance with the drawings and specifications approved by Licensor as part of Licensee's application process (the "**Drawings and Specifications**"), an electric supply line containing a maximum of three (3) conductors and one (1) neutral line, together with its supporting or containing structures (collectively, the "**Electric Supply Line**"), across or along Licensor's rail corridor at or near the station of Fremont, County of Dodge, State of Nebraska, Line Segment 0144, Mile Post 28.51 as shown on the attached Drawing No. 95902, dated November 18, 2025, attached hereto as **Exhibit "A"** and incorporated herein by reference (the "**Premises**").
2. **Term.** This License shall commence on the Effective Date and shall continue for a period of twenty-five (25) years, subject to prior termination as hereinafter described.
3. **Existing Improvements.** Licensee shall not disturb any improvements of Licensor or Licensor's existing lessees, licensees, easement beneficiaries or lien holders, if any, or interfere with the use, repair, maintenance or replacement of such improvements.
4. **Use of the Premises.** Licensee shall use the Premises solely for construction, maintenance, and use of the Electric Supply Line in accordance with the Drawings and Specifications. Licensee shall not use the Premises for any other purpose and Licensee is expressly prohibited from using or allowing any telecommunication facilities or equipment within the Premises or using or allowing the use of the Premises for any other purpose.
5. **Alterations.** Except as set forth in this License, Licensee may not make any alterations to the Premises or permanently affix anything to the Premises or any buildings or other structures adjacent to the Premises without Licensor's prior written consent.

COMPENSATION

6. **License Fee.** Licensee shall pay Licensor, prior to the Effective Date, the sum of Three Thousand Nine Hundred and No/100 Dollars (\$3,900.00) as compensation for the use of the Premises.
7. **Costs and Expenses.**
 - 7.1 For the purpose of this License, "cost" or "costs" and "expense" or "expenses" includes, but is not limited to, actual labor and material costs including all assignable additives, and material and supply costs at current value where used.
 - 7.2 Licensee agrees to reimburse Licensor (pursuant to the terms of **Section 8** below) for all costs and expenses incurred by Licensor in connection with Licensee's use of the Premises or the presence, construction and maintenance of the Electric Supply Line, including but not limited to the furnishing of Licensor's flaggers and any vehicle rental costs incurred, inspection coordination, safety, mobilization and/or other observation services described in this License (collectively, the "**Services**"). Licensee shall bear the cost of the Services when deemed necessary by Licensor's representative. Flagging costs shall

include, but not be limited to, the following: pay for at least an eight (8) hour basic day with time and one-half or double time for overtime, rest days and holidays (as applicable); vacation allowance; paid holidays (as applicable); railway and unemployment insurance; public liability and property damage insurance; health and welfare benefits; transportation; meals; lodging and supervision. Negotiations for railway labor or collective bargaining agreements and rate changes authorized by appropriate Federal authorities may increase flagging rates. Flagging rates in effect at the time of performance by the flaggers will be used to calculate the flagging costs pursuant to this **Section 7**.

7.3 Licensor, at its sole discretion, may elect to designate a third party (the "**Scheduling Agent**"), to perform and/or arrange for the performance of the Services.

8. Payment Terms. All invoices are due thirty (30) days after the date of invoice. If Licensee fails to pay any monies due to Licensor within thirty (30) days after the invoice date, then Licensee shall pay interest on such unpaid sum from the due date until paid at an annual rate equal to the lesser of (i) the prime rate last published in *The Wall Street Journal* in the preceding December plus two and one-half percent (2-1/2%), or (ii) the maximum rate permitted by law.

LICENSOR'S RESERVED RIGHTS

9. Reserved Rights of Use. Licensor excepts and reserves the right, to be exercised by Licensor and any other parties who may obtain written permission or authority from Licensor:

9.1 to maintain, use, operate, repair, replace, modify and relocate any utility, power or communication pipe/lines/cables and appurtenances (other than the Electric Supply Line) and other facilities or structures of like character upon, over, under or across the Premises existing as of the Effective Date;

9.2 to construct, maintain, renew, use, operate, change, modify and relocate any tracks or additional facilities, structures and related appurtenances upon, over, under or across the Premises; or

9.3 to use the Premises in any manner as Licensor in its sole discretion deems appropriate, provided Licensor uses all commercially reasonable efforts to avoid material interference with the use of the Premises by Licensee for the purpose specified in **Section 4** above.

10. Right to Require Relocation. If at any time during the term of this License, Licensor desires the use of its rail corridor in such a manner as would, in Licensor's reasonable opinion, be interfered with by the Electric Supply Line, Licensee shall, at its sole expense, within thirty (30) days after receiving written notice from Licensor to such effect, make such changes in the Electric Supply Line as in the sole discretion of Licensor may be necessary to avoid interference with the proposed use of Licensor's rail corridor, including, without limitation, the relocation of the Electric Supply Line, or the construction of a new electric line to replace the Electric Supply Line. Notwithstanding the foregoing, Licensee agrees to make all emergency changes and minor adjustments, as determined by Licensor in its sole discretion, to the Electric Supply Line promptly upon Licensor's request.

LICENSEE'S OPERATIONS

11. Construction and Maintenance of the Electric Supply Line.

11.1 Licensee shall not enter the Premises or commence construction unless accompanied by Licensor's representative, the Scheduling Agent or its designee. Licensee shall notify Licensor's representative or the Scheduling Agent at ROWCoordinator@BNSF.com at least ten (10) business days prior to installation of the Wireline and prior to entering the Premises for any subsequent maintenance thereon. Only in the event of emergency, Licensee shall notify Licensor's Roadmaster of entry onto the Premises, at the telephone 402-458-7531, as soon as practicable and shall promptly thereafter follow up with written notice of such entry to the email provided above.

- 11.2 Licensee's on-site supervisors shall retain/maintain a fully executed copy of this License at all times while on the Premises.
- 11.3 While on the Premises, Licensee shall use only public roadways to cross from one side of Licensor's tracks to the other.
- 11.4 Any contractors or subcontractors performing work on the Electric Supply Line or entering the Premises on behalf of Licensee shall be deemed servants and agents of Licensee for purposes of this License.
- 11.5 Under no conditions shall Licensee be permitted to conduct any tests, investigations or any other activity using mechanized equipment and/or machinery, or place or store any mechanized equipment, tools or other materials, within twenty-five (25) feet of the centerline of any railroad track on the Premises unless Licensee has obtained prior written approval from Licensor. Licensee shall, at its sole cost and expense, perform all activities on and about the Premises, including without limitation all construction and maintenance of the Electric Supply Line, in such a manner and of such materials as not at any time to endanger or interfere with (i) the existence or use of present or future tracks, roadbeds, or property of Licensor, (ii) the safe operation and activities of Licensor or existing third parties, or (iii) the rights or interests of third parties. If ordered to cease using the Premises at any time by Licensor's personnel due to any hazardous condition, Licensee shall immediately do so. Notwithstanding the foregoing right of Licensor, the parties agree that Licensor has no duty or obligation to monitor Licensee's use of the Premises to determine the safe nature thereof, it being solely Licensee's responsibility to ensure that Licensee's use of the Premises is safe. Neither the exercise nor the failure by Licensor to exercise any rights granted in this Section will alter the liability allocation provided by this License.
- 11.6 Licensee shall, at its sole cost and expense, construct and maintain the Electric Supply Line in such a manner and of such material that the Electric Supply Line will not at any time endanger or interfere with (i) the existence or use of present or future tracks, roadbeds, or property of Licensor, (ii) the safe operation and activities of Licensor or existing third parties, or (iii) the rights or interests of third parties. The construction of the Electric Supply Line shall be completed within one (1) year of the Effective Date, and any subsequent maintenance shall be completed within one (1) year of initiation. Within fifteen (15) days after completion of the construction of the Electric Supply Line or the performance of any subsequent maintenance thereon, Licensee shall, at Licensee's own cost and expense, restore the Premises to substantially their state as of the Effective Date, unless otherwise approved in advance by Licensor in writing. On or before expiration or termination of this License for any reason, Licensee shall, at its sole cost and expense, surrender the Premises to Licensor pursuant to the terms and conditions set forth in **Section 24** hereof.
- 11.7 Licensor may direct one or more of its field engineers or inspectors to observe or inspect the construction and/or maintenance of the Electric Supply Line at any time for compliance with the Drawings and Specifications and Legal Requirements (defined below). Licensee shall reimburse Licensor for the cost of such observation or inspection related services pursuant to Section 8. If ordered at any time to halt construction or maintenance of the Electric Supply Line by Licensor's personnel due to non-compliance with the Drawings and Specifications or any other hazardous condition, Licensee shall immediately do so. Notwithstanding the foregoing right of Licensor, the parties agree that Licensor has no duty or obligation to observe or inspect, or to halt work on, the Electric Supply Line, it being solely Licensee's responsibility to ensure that the Electric Supply Line is constructed and maintained in strict accordance with the Drawings and Specifications and in a safe and workmanlike manner in compliance with all terms hereof. Neither the exercise of, nor the failure by Licensor to exercise, any right granted by this Section will alter in any way the liability allocation provided by this License. If at any time Licensee shall, in the sole judgment of Licensor, fail to properly perform its obligations under this **Section 11**, Licensor may, at its option and at Licensee's sole expense, arrange for the performance of such work as it deems necessary for the safety of its operations and activities. Licensee shall promptly reimburse Licensor for all costs and expenses of such work, pursuant to the terms of **Section 8**. Licensor's failure to perform any obligations of Licensee shall not alter the liability allocation hereunder.

- 11.8 Licensee shall, at its sole cost and expense, construct and at all times maintain the Electric Supply Line in accordance with the National Electric Safety Code.
- 11.9 If the operation or maintenance of the Electric Supply Line at any time causes interference, including but not limited to physical interference from electromagnetic induction, electrostatic induction, or from stray or other currents, with the facilities of Licensor or of any lessee or licensee of Licensor, or in any manner interfere with the operation, maintenance, or use by Licensor of its right-of-way, tracks, structures, pole lines, signal and communication lines, radio, or other equipment, devices, other property or appurtenances thereto, Licensee agrees immediately to make such changes in the Electric Supply Line and furnish such protective devices and/or replacement equipment to Licensor and its lessees or licensees as shall be necessary, in the judgment of Licensor's representative, to eliminate such interference. The cost of such protective devices and their installations shall be borne solely by Licensee. If any of the interference covered by this **Section 11.9** shall be, in the judgment of Licensor, of such importance to the safety of Licensor's operations as to require immediate corrective action, Licensee, upon notice from Licensor, shall either, at Licensor's election, cease using the Electric Supply Line for any purpose whatsoever and remove same, or reduce the voltage or load on the Electric Supply Line, or take such other interim protective measures as Licensor may deem advisable, until the protective devices and/or replacement equipment required by this **Section 11.9** have been installed, put in operation, tested, and found to be satisfactory to correct the interference.
- 11.10 Licensee shall, at its sole cost and expense, remove all combustible material from around wooden poles on the Premises, if any, and will at all times keep the space around such poles free of such material, and if removal of such combustible material shall not be attended to within fifteen (15) days after having been requested by Licensor to do so, Licensor shall have the right itself to perform the work and Licensee hereby agrees to reimburse Licensor for the expense so incurred.

12. Boring and Excavation.

- 12.1 Prior to Licensee conducting any boring, excavation, or similar work on or about any portion of the Premises, Licensee shall contact the applicable State's call-before-you-dig utility location service to have 3rd parties mark the location of utilities. Licensee shall explore the proposed location for such work with hand tools to a depth of at least three (3) feet below the surface of the ground to determine whether pipelines or other structures exist below the surface, provided, however, that in lieu of the foregoing hand-tool exploration, Licensee shall have the right to use suitable detection equipment or other generally accepted industry practice (e.g., consulting with the State Infrastructure Corporation) to determine the existence or location of pipelines and other subsurface structures prior to drilling or excavating with mechanized equipment. Licensee shall request information from Licensor concerning the existence and approximate location of Licensor's underground lines, utilities, and pipelines at or near the vicinity of the proposed Electric Supply Line by contacting Licensor's Telecommunications Helpdesk, currently at 1-800-533-2891 (option 1, then option 7), at least ten (10) business days prior to installation of the Electric Supply Line. Upon receiving Licensee's timely request, Licensor will provide Licensee with the information Licensor has in its possession regarding any existing underground lines, utilities, and pipelines at or near the vicinity of the proposed Electric Supply Line and, if applicable, identify the location of such lines on the Premises pursuant to Licensor's standard procedures. Licensor does not warrant the accuracy or completeness of information relating to subsurface conditions of the Premises and Licensee's operations will be subject at all times to the liability provisions herein.
- 12.2 For all bores greater than 26-inch diameter and at a depth less than 10.0 feet below bottom of rail, a soil investigation must be performed by Licensee and reviewed by Licensor prior to construction. This study is to determine if granular material is present, and to prevent subsidence during the installation process. If the investigation determines in Licensor's reasonable opinion that granular material is present, Licensor may select a new location for Licensee's use, or may require Licensee to furnish for Licensor's review and approval, in Licensor's sole discretion, a remedial plan to deal with the granular material. Once Licensor has approved any such remedial plan in writing, Licensee shall, at Licensee's sole cost and expense, carry out the approved plan in accordance with all terms thereof and hereof.

- 12.3 Any open hole, boring, or well constructed on the Premises by Licensee shall be safely covered and secured at all times when Licensee is not working in the actual vicinity thereof. Following completion of that portion of the work, all holes or borings constructed on the Premises by Licensee shall be:
- 12.3.1 filled in to surrounding ground level with compacted bentonite grout; or
- 12.3.2 otherwise secured or retired in accordance with any applicable Legal Requirement. No excavated materials may remain on Licensor's property for more than ten (10) days, but must be properly disposed of by Licensee in accordance with applicable Legal Requirements.

LIABILITY AND INSURANCE

13. Liability and Indemnification.

- 13.1 For purposes of this License: (a) "**Indemnitees**" means Licensor and Licensor's affiliated companies, partners, successors, assigns, legal representatives, officers, directors, shareholders, employees, and agents; (b) "**Liabilities**" means all claims, liabilities, fines, penalties, costs, damages, losses, liens, causes of action, suits, demands, judgments, and expenses (including, without limitation, court costs, reasonable attorneys' fees, costs of investigation, removal and remediation, and governmental oversight costs) environmental or otherwise; and (c) "**Licensee Parties**" means Licensee and Licensee's officers, agents, invitees, licensees, employees, or contractors, or any party directly or indirectly employed by any of them, or any party they control or exercise control over.
- 13.2 **TO THE FULLEST EXTENT PERMITTED BY LAW, LICENSEE SHALL, AND SHALL CAUSE ITS CONTRACTOR TO, RELEASE, INDEMNIFY, DEFEND AND HOLD HARMLESS INDEMNITEES FOR, FROM, AND AGAINST ANY AND ALL LIABILITIES OF ANY NATURE, KIND, OR DESCRIPTION DIRECTLY OR INDIRECTLY ARISING OUT OF, RESULTING FROM, OR RELATED TO (IN WHOLE OR IN PART):**

- 23.3 Any waiver by Licensors of any default or defaults shall not constitute a waiver of the right to terminate this License for any subsequent default or defaults, nor shall any such waiver in any way affect Licensors' ability to enforce any Section of this License. The remedies set forth in this **Section 23** shall be in addition to, and not in limitation of, any other remedies that Licensors may have at law or in equity.
- 23.4 In addition to and not in limitation of Licensors' rights to terminate this License for failure to provide evidence of insurance or occurrence of defaults as described above, this License may be terminated by either party, at any time, by serving thirty (30) days' written notice of termination upon the other party. Neither termination nor expiration shall release Licensee from any liability or obligation under this License, whether of indemnity or otherwise, resulting from any acts, omissions or events happening prior to the date of termination, or, if later, the date when Licensee surrenders the Premises and all of the Restoration Obligations are completed.
- 24.3 If Licensee fails to complete the Restoration Obligations within thirty (30) days after the date of such termination of its tenancy, then Licensors may, at its election, either: (i) remove the Electric Supply Line and the other Improvements or otherwise restore the Premises, and in such event Licensee shall, within thirty (30) days after receipt of bill therefor, reimburse Licensors for cost incurred, (ii) upon written notice to Licensee, take and hold the Electric Supply Line and the other Improvements and personal property as its sole property, without payment or obligation to Licensee therefor, or (iii) specifically enforce Licensee's obligation to restore and/or pursue any remedy at law or in equity against Licensee for failure to so restore. Background:

On March 11, 2025, the Fremont City Council approved the contract with GEA Mechanical for Centrifuge Maintenance Repairs at the Wastewater Treatment Plant (WWTP). This agreement covered maintenance of the three centrifuges including inspection and replacement of bearings, seals, belts, oil, and filters.

In November 2025, GEA was performing maintenance on Unit #3 and found that the primary assembly for the unit was bad and needed repaired/replaced. The cost to rebuild the primary assembly is \$73,061.51.

Fiscal Impact: \$73,061.51 budgeted.

TO: Utilities and Infrastructure Board

FROM: Dan Reznicek, Power Plant Superintendent

DATE: January 27, 2026

SUBJECT: IDS (Industrial Design Solutions) Technical Service Agreement for LDW Power Plant Control System

Recommendation: Request Authorization to Enter into a 3-year Technical Support Service Agreement with IDS for LDW Power Plant Control Systems.

BACKGROUND:

LDW currently operates all coal-fired units utilizing a Honeywell Distributive Control System (DCS). IDS has been utilized for more than 23 years for troubleshooting and maintaining the Honeywell Control system at LDW. They have provided support for system issues, HPM logic issues, GUS and Native Window graphical interface issues, third party interfaces, network issues, and Honeywell PHD historian support.

This agreement will replace the existing agreement that expires in June of 2026 and provides for:
Dedicated support phone number with guaranteed 4hr response time, currently 24hrs.
100 hours of standard support per year, (currently 25hrs with 10hrs overtime support)
160 project engineering hours per year for anything outside of general support such as migration work, logic upgrades, graphics modifications, etc.
Site control tuning of (3) 1-week visits including travel and living expenses
Site audits and DCS checkups, (6) total over 3 years, includes travel and living expenses

By having this agreement, LDW will have a team of control engineers and specialists that are thoroughly familiar with our controls and would be available to assist our staff in troubleshooting, repair, and tuning of the plant control systems.

The cost for this support agreement is \$300,000.00 as firm price to be billed annually at \$100,000.00 per year beginning January 2026.

Year-2026	\$100,000.00
Year 2027	\$100,000.00
Year 2028	\$100,000.00
3 Year Agreement Price	\$300,000.00

LDW staff requests that the Utilities and Infrastructure Board recommend to the City of Fremont Mayor and City Council to authorize the City of Fremont Mayor to sign an agreement, and Fremont Department of Utilities Staff to issue a purchase order to IDS for \$300,000.00 to be paid \$100,000.00 for each of the next 3 years of the contract 2026- 2027, 2028 for a total of \$300,000.00.

FISCAL IMPACT: Budget expense 2026, 2027, 2028

Terms of Sale

This Quote will, if Customer issues a purchase order for the quoted items that is accepted by Supplier, constitute a contract between the entity issuing this Quote ("Supplier") and the entity to whom this Quote was issued ("Customer"). Unless otherwise stated herein, pricing is valid for Fourteen days from the date of this Quote. All products, pricing, and other information are based on the latest information available and are subject to change for any reason, including but not limited to tariffs imposed by government authorities, shortages in materials or resources, increase in the cost of manufacturing or other factors beyond Supplier's reasonable control. If such changes occur, pricing may be adjusted or purchase orders may be cancelled by Supplier, even after an order has been placed. Supplier also reserves the right to cancel this Quote and Customer purchase orders arising from pricing errors and/or customer changes to Supplier's planned delivery date. Taxes and/or freight charges listed on this Quote are only estimates. The final amounts shall be stated on the relevant invoice. Additional freight charges will be applied if Customer requests expedited shipping. Please indicate any tax exemption status on your purchase order and send your tax exemption certificate to Tax_Department@dell.com or ARSalesTax@emc.com, as applicable.

Governing Terms: This Quote is subject to: (a) a separate written agreement between Customer or Customer's affiliate and Supplier or a Supplier's affiliate to the extent that it expressly applies to the products and/or services in this Quote or, to the extent there is no such agreement, to the applicable set of Dell's Terms of Sale (available at www.dell.com/terms or www.dell.com/oemterms), or for cloud/as-a-Service offerings, the applicable cloud terms of service (identified on the Offer Specific Terms referenced below); and (b) the terms referenced herein (collectively, the "Governing Terms"). Different Governing Terms may apply to different products and services on this Quote. The Governing Terms apply to the exclusion of all terms and conditions incorporated in or referred to in any documentation submitted by Customer to Supplier.

Supplier Software Licenses and Services Descriptions: Customer's use of any Supplier software is subject to the license terms accompanying the software, or in the absence of accompanying terms, the applicable terms posted on www.Dell.com/eula. Descriptions and terms for Supplier-branded standard services are stated at www.dell.com/servicecontracts/global or for certain infrastructure products at www.dell.com/en-us/customer-services/product-warranty-and-service-descriptions.htm.

Offer-Specific, Third Party and Program Specific Terms: Customer's use of third-party software is subject to the license terms that accompany the software. Certain Supplier-branded and third-party products and services listed on this Quote are subject to additional, specific terms stated on www.dell.com/offeringsspecificterms ("Offer Specific Terms").

In case of Resale only: Should Customer procure any products or services for resale, whether on standalone basis or as part of a solution, Customer shall include the applicable software license terms, services terms, and/or offer-specific terms in a written agreement with the end-user and provide written evidence of doing so upon receipt of request from Supplier.

In case of Financing only: If Customer intends to enter into a financing arrangement ("Financing Agreement") for the products and/or services on this Quote with Dell Financial Services LLC or other funding source pre-approved by Supplier ("FS"), Customer may issue its purchase order to Supplier or to FS. If issued to FS, Supplier will fulfill and invoice FS upon confirmation that: (a) FS intends to enter into a Financing Agreement with Customer for this order; and (b) FS agrees to procure these items from Supplier. Notwithstanding the Financing Agreement, Customer's use (and Customer's resale of and the end-user's use) of these items in the order is subject to the applicable governing agreement between Customer and Supplier, except that title shall transfer from Supplier to FS instead of to Customer. If FS notifies Supplier after shipment that Customer is no longer pursuing a Financing Agreement for these items, or if Customer fails to enter into such Financing Agreement within 120 days after shipment by Supplier, Customer shall promptly pay the Supplier invoice amounts directly to Supplier.

Customer represents that this transaction does not involve: (a) use of U.S. Government funds; (b) use by or resale to the U.S. Government; or (c) maintenance and support of the product(s) listed in this document within classified spaces. Customer further represents that this transaction does not require Supplier's compliance with any statute, regulation or information technology standard applicable to a U.S. Government procurement.

For certain products shipped to end users in California, a State Environmental Fee will be applied to Customer's invoice. Supplier encourages customers to dispose of electronic equipment properly.

This purchase is subject to Insight's online Terms of Sale unless you are purchasing under an Insight Public Sector, Inc. contract vehicle, in which case, that agreement will govern.

SOFTWARE AND CLOUD SERVICES PURCHASES: If your purchase contains any software or cloud computing offerings ("Software and Cloud Offerings"), each offering will be subject to the applicable supplier's end user license and use terms ("Supplier Terms") made available by the supplier or which can be found at the "terms-and-policies" link below. By ordering, paying for, receiving or using Software and Cloud Offerings, you agree to be bound by and accept the Supplier Terms unless you and the applicable supplier have a separate agreement which governs.

HARDWARE PURCHASES: Tariffs imposed by the United States government on technology-related products may lead to cost increases for manufacturers and suppliers, who then pass these increases on to partners like Insight. Additionally, supply constraints, production delays, component shortages, and logistical pressures have contributed to cost increases and product shipment delays from manufacturers and suppliers. Insight is actively engaged with its contracting officials, suppliers, and partners to address these challenges. While we strive to honor initial price proposals and quotes, the fluid nature of the impact on manufacturer and supplier costs and product availability due to tariffs and supply disruptions could require a requote, subject to the contract terms if the purchase is being made under an Insight Public Sector, Inc. contract vehicle, before finalizing any subsequent or impacted proposals, quotes, and orders. Insight will not finalize any transaction involving a requote without the client's written consent.

Insight's online Terms of Sale can be found at the "terms-and-policies" link below.

b. Water, sewer, and gas services from the hangar to the existing mains as designated by the LANDLORD.

TENANT has paid to LANDLORD a security deposit in the amount of \$1,800 upon the execution of this Lease, which deposit shall be returned to TENANT upon 10 years of on time payments or termination of this Lease, whichever occurs first, so long as there is no rent left unpaid and no damage to the Premises.

5. LATE PAYMENTS. Rental payments remaining due and unpaid for a period of ten (10) days after the date due shall accrue a service charge equal to 10% of the amount

of the delinquent payment, or \$100.00, whichever is greater, per month, from the date due until paid.

In the event that TENANT shall at any time fail to furnish LANDLORD with the certificate of insurance required, LANDLORD shall have the right to secure the required insurance at the cost and expense of TENANT, and TENANT agrees to promptly reimburse LANDLORD for the cost thereof, which costs shall be additional rent hereunder and shall be immediately due and payable.

10. ABANDONMENT OF PREMISES BY TENANT. In case TENANT shall abandon said Premises, or any part thereof, during the term of this Lease, LANDLORD may, at its option, without notice, relet said Premises and improvements thereon, or any part thereof, on such terms and for such rent as it may deem expedient or proper. Such reletting shall not operate as a waiver of any right whatsoever which LANDLORD would otherwise have to hold TENANT responsible for the rent. In case said Premises, or any part thereof, shall be relet, LANDLORD shall collect that rent and, after paying the expense of such reletting and collections, apply the remainder toward the rent due or to become due from TENANT.

11. ALTERATIONS. TENANT shall make no material additions or alterations in or to the Premises without the written consent of LANDLORD. TENANT shall be responsible for the cost of any additions or alterations made by TENANT and shall protect and reimburse LANDLORD against possible mechanics', laborers' and material men's liens upon the Premises. This Lease Agreement shall be subordinate to the provisions of any existing or future agreement between LANDLORD and the United States of America relative to the operation or maintenance of the Airport, the execution of which has been or may be required as a condition precedent to the expenditure of Federal funds for development of Fremont Municipal Airport. This Lease and all provisions hereof are also subject and subordinate to the terms and conditions of the instruments and

Except to the extent required for the performance of the obligations of TENANT in this Lease Agreement, nothing contained in this Lease Agreement shall grant TENANT any rights whatsoever in the airspace above the Premises, other than those rights which are subject to Federal Aviation Administration orders, regulations or advisory circulars currently or subsequently effective. If the Lease or rights of Tenant are materially impaired, rescinded or altered by any of these actions, then the City will reimburse to Big Red Aviation the unamortized costs of construction of the hangar building, facilities and apron, based on a straight 30 year amortization to coincide with the potential 30 year term.

Reasonable repairs shall be made in a timely manner and if TENANT refuses or neglects to make any repairs required to be made by TENANT, to the reasonable satisfaction of LANDLORD within a reasonable period of time after receipt of written notice of need for such repair from LANDLORD, LANDLORD may make such repairs without liability to TENANT for any loss or damage that may occur to TENANT'S property or business and TENANT shall pay LANDLORD'S costs for making such repairs, including LANDLORD'S administrative costs. Such costs for repairs shall bear interest at the rate of 18% per annum from the tenth day after billing therefore. LANDLORD reserves the right to enter on the Premises at all reasonable times

An initial failure of TENANT to comply with any obligation imposed upon TENANT by this Lease, other than the obligation to pay money, within thirty (30) days after written Notice of Default from LANDLORD to TENANT. A subsequent failure of TENANT to comply with the same obligation shall be a default without any grace period;

C. Proceedings under the Bankruptcy Act for bankruptcy are filed by or against TENANT or any guarantor of TENANT's performance hereunder and not dismissed within thirty (30) days after the filing;

D. An assignment of TENANT's property for the benefit of creditors;

F. TENANT's interest in the Premises or under this Lease is the subject of taking or levy under execution, attachment, or other process of law and the action is not canceled or discharged within thirty (30) days after its occurrence;

G. TENANT defaults under any other Lease or agreement with LANDLORD, which is not cured within any applicable notice and cure period.

31. LANDLORD'S REMEDIES. If any event of default occurs and has not been cured within the time period provided in this Lease, LANDLORD may immediately or at any time thereafter do one or more of the following:

A. Remove any of TENANT's personal property from the Premises and store the same elsewhere at TENANT's expense without relieving TENANT from any liability or obligation;

B. Make the Premises available to another party without liability to TENANT and without relieving TENANT from any liability or obligation to LANDLORD;

C. Bring an action then or thereafter against TENANT to recover the amount of any payment owing by TENANT to LANDLORD as the same is due, becomes due, or accumulates;

D. Accelerate the rental to be paid over the entire term of this Lease and bring then or thereafter an action for said rental and all other amounts due and owing by TENANT to LANDLORD; without relieving TENANT from any obligation or liability for payments theretofore or thereafter becoming due or any other present or prospective damages or sums due or provided by law or this Lease and resulting from TENANT's default;

E. Terminate this Lease, relieving TENANT of any liability or obligation for any payments then or thereafter becoming due;

33. AMENDMENT. No amendment, modification, or alteration of the terms hereof shall be binding unless the same is in writing, dated subsequent to the date hereof and duly executed by each party.

34. TAXES. Any taxes on this Lease, the Lease payments or the Premises shall be the obligation of TENANT. Should said taxes not be paid by TENANT, they shall be considered unpaid additional rent and failure to pay said taxes shall be considered a default hereunder.

35. UTILITIES AND SERVICES. TENANT is required to use the LANDLORD's water, electric and sewer system. TENANT further agrees to pay when due all charges and expenses for water, electric, and sewer services, and fire protection, and all other utilities and services used in connection with the Premises. LANDLORD reserves the right to modify from time- to-time the cost of providing utilities and services (including water, electric, sewage, and fire protection). LANDLORD will not be obligated to pay any charges for any telephone service, gas, electricity, water, or other utility service or commodity procured or consumed by TENANT.

36. SUITABILITY OF PREMISES. The TENANT acknowledges having examined the Premises thoroughly before entering into this Lease, and does not rely upon any representations by the LANDLORD as to the Premises' suitability for the TENANT's purposes.

37. SIGNAGE. Tenant shall not install any advertising or signage on the Premises other than reasonably sized signs for hangar identification. All signage on the Premises must be approved by LANDLORD as to style, location, content and construction before installation, which approval will not be unreasonably withheld.

STAFF REPORT

TO: Utility and Infrastructure Board

FROM: Jeff Shanahan, Utility General Manager

DATE: January 27, 2026

SUBJECT: Purchase Property Dodge County PID 270139527

Recommendation: Approve Resolution 2026-030 authorizing the Mayor to sign a Cooperation Agreement for parcel 270139527 with RES Group

Background:

The City of Fremont Department of Utilities has conducted multiple studies to evaluate the electrical generation, water and natural gas needs of Fremont both short term and long term.

As a result of those studies, the Department of Utilities began searching for a site that could support additional generation, water improvements and the availability of natural gas. As Staff reviewed sites, it became evident that Parcel 270139527 is ideally located to support the needs of the Utilities. The parcel is adjacent to the Department of Utilities Substation D and has a direct connection to the OPPD / NPPD substation. There is a 12" city water line adjacent to the property and the Department of Utilities main natural gas line that serves Fremont runs through the property.

An additional advantage of this site is the ability to route generation on the west side of town to provide system reliability. Currently all of Fremont's electric generation is located on the southeast side of Fremont.

The site is currently under option by RES Group, which is proposing to install a battery system and connect to the NPPD network. RES has requested that in exchange for releasing the option on this property, Fremont will reasonably cooperate with RES on their project on the west side of Summers Avenue.

Staff requests that the Utility and Infrastructure Board recommend to the City of Fremont Mayor and Council to approve Resolution 2026-030

Fiscal Impact: None.
