## ABOUT FREMONT CANOPY PROGRAM

 Funds to plant trees at a discounted price come from collaboration with Siffring Landscaping and citizens who have donated to the Fremont Canopy Keepers Program. Anyone can donate to this program through Friends of the Park Non-profit Organization. Contact [parks@fremontne.gov](mailto:parks@fremontne.gov) for more information.

 The cost for the discounted tree will be \$225 for the homeowner. This will include a #15 container tree, staking, flag, mulching, installation (June), and water bag. The homeowner is responsible for maintaining the health of the tree. This is no warranty on the installed tree.

 Homeowners can select any deciduous tree in a #15 container except fruit trees, Japanese Maples, and evergreens.

 Trees can be planted in front or back yard. No trees in the right-of-way. City Parks and Recreation will inspect the site to determine any restrictions on the location of new tree. Staff may deny the tree location and recommend a new tree location or different tree species. Possible placement limitations:

(Overhead and underground utilities, existing tree canopy, drainage areas, proximity of structures, visibility of intersections, driveways, sidewalks, and easements)

I AGREE TO...

 \_\_\_ Have tree planted on my property in a location approved by City of Fremont

 \_\_\_ Water, maintain, and monitor tree health after planting.
