

GOOD HOUSEKEEPING RESPONSIBILITY

**If You Think Picking Up
Pet Waste Is UNPLEASANT
Try SWIMMING in It!!**

Pet owners play an important role in protecting our rivers and streams, and the health of everyone and everything in our community.

Pet Waste is:

- ❖ **Associated with up to 65 diseases, that can be passed to humans**
- ❖ **Considered by the EPA as a nonpoint source pollutant. 10%-20% of water pollution comes from neglected pet waste**
- ❖ **Not a fertilizer and does not provide any benefit to the soil**

Promote good health and manners disposing of your pet's waste properly.

Disposal Methods

- ✓ **Flushing**
- ✓ **Trashing**
- ✓ **Composting**

Rule NO.1: PICK UP NO.2
