

UNIQUE ENTITY ID (UEI) AND SAM.GOV REGISTRATION (PART 1)

This guide was created specifically for entities pursuing FEDERAL GRANTS & LOANS.

(This resource is not intended for people contracting to do business, other than grants and loans, with the U.S. Federal Government).

Updated January 2024

PREP WORK

BEFORE YOU BEGIN

- ***Let's begin by stating WHY you are here today.*** You were recently asked by a local program or Government agency, one who is distributing or awarding *federal money* to applicants, to become registered in SAM. Because you want to be *eligible* to receive that money for your project, program, or whatever it may be, you will need to obtain a SAM Unique Entity ID (UEI) and active SAM registration.
- ***SAM is not a hard application and registration to complete.*** “It Depends” on your level of experience working with computers, scanners, picture apps on a phone/camera, entering data into an electronic application, gathering the *right* combination of paperwork, taking extra steps necessary to correct the right paperwork (if applicable), internet connection speed, utilizing the right computer browser, knowing what to do if the paperwork is rejected, etc. may alter your own experience using SAM.gov positively or negatively from your neighbor or friend’s experience with SAM.
- ***PLEASE BE PATIENT WITH THE PROCESS AND PLAN AHEAD!!***
- SAM.gov is globally utilized. Yes, there are people on the other side of the form, but SAM is not a one-sized fits all formula “quick” type registration. And some sections may appear repetitive.
- **The good news is if you like amusement park roller coasters...**
 - ***...you may “enjoy” the SAM process more than other people!***
- **If you don’t like roller coasters, all I can say is buckle up...**
 - ***...hang out tight and be prepared for unexpected twists and turns.***
- **Remember though – you WILL get through SAM eventually. Please, don’t give up if it feels impossible. Ask for help if you get stuck.** There are people who can help you get through SAM, for FREE.

PREP WORK

BEFORE YOU BEGIN

ALSO.....

- Be wary and *use extra caution* with Googling/searching SAM registration. You will see all sorts of options – *none of them are the official US Government website*. Companies who pay and advertise to offer SAM assistance will show up as “sponsored” ad type listings first. Do not click on any website or attempt a SAM registration on any website unless it ends in .gov! If you accidentally end up on the wrong website and you are asked to pay money for SAM assistance, you are NOT on the official government website. STOP, don’t pay any money for SAM assistance, exit by getting rid of that browser page and start over.
- Type in the direct website address in your *browser’s search bar*: SAM.gov (and press enter). (also try using this link <https://sam.gov>) You should immediately land on the Official U.S. Government website page, which is 100% free to register, renew and work in SAM.
- Recommended browsers that work best with SAM.gov: Chrome, Microsoft Edge, Firefox and Safari.
 - (for those who like to know the details: Edge 94.0.x, Chrome 94.0.x, Firefox 78.14.x and Safari v11.1+)
[Resource to verify browser type: KB0016305](#)
- Do NOT try and do a SAM registration from a cell phone!!
- Use a desktop computer, laptop, iPad – anything but a cell phone.

PREP WORK

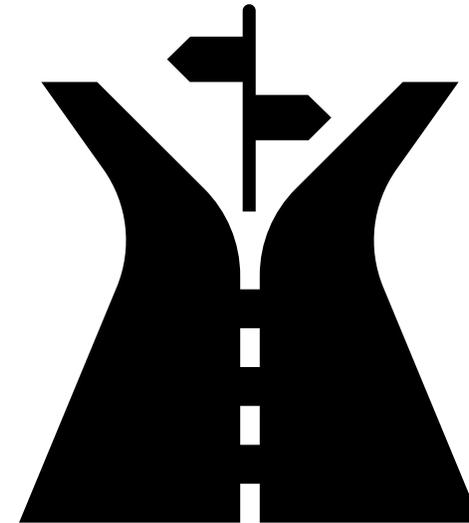

UNDERSTAND THE DIFFERENCES

There are **3 main ways** to use SAM. The answer lies with your program funders or Government agency who asked you to “get a SAM registration.”

- 1) **SAM Unique Entity ID (UEI)** is rare. While it is rare to be asked you obtain only a SAM UEI, it is possible that may be all you need to obtain for the program.
- 2) **“Federal Assistance Only”** is for grants and loans and is frequently requested by the USDA Rural Development programs.
- 3) **“All Awards”** is commonly used by the Economic Development programs, community grants and by entities such as Neighborworks. “All Awards” is also used by for-profit businesses pursuing sales opportunities with the Federal Government. Includes any grants and loans.

Which one will I need?

Federal
Assistance
Only?

ALL
AWARDS?

Unique Entity ID?

PREP WORK

WHY DO I NEED TO KNOW THIS?

Federal Assistance Only

Agencies such as the USDA Rural Development programs are not required to run a “Do Not Pay” report which would state and verify *if you are* debarred, suspended, deemed ineligible, dead, imprisoned, etc.

So, for grants with the USDA Rural Development programs and similar program funders like this agency, you will most likely *only need* a “Federal Assistance Only” SAM registration because your intent of creating and obtaining an active SAM registration is *not for doing business with the Federal Government*, you are only using SAM strictly for grant and loan purposes.

All Awards

Agencies and programs such as NENEDD, Neighborworks, local Community Development programs, downtown revitalization projects/programs, etc. *may be required* to run the “Do Not Pay” report.

Remember, the report ran that may be required to determine eligibility will state if you are debarred, suspended, deemed ineligible, dead, imprisoned, etc.

So, for these agencies that are *required* to confirm *your eligibility*, you must complete the “All Awards” SAM registration, *which will include the extra eligibility questions* that the grants and loans folks are not required to complete.

It's important for you to know how to properly register in SAM. Unsure? Ask your program funders what they need to verify of you in SAM before you move on with the next steps.

The .gov means it's official.

Federal government websites often end in .gov or .mil. Before sharing sensitive information, make sure you're on a federal government site.

PREP WORK

A FEW REMINDERS

1. **Government websites *can and will* be updated with little to no-notice.**
2. There may be examples shown in this resource that may no longer be 100% accurate any longer. If you are in doubt, check directly with <https://FSD.gov> for up-to-date information in the **Knowledge Base**.
3. **This guide was created to help *empower and connect you with the proper resources in obtaining a SAM UEI and SAM registration so you can do this process on your own, with little-to-no assistance required.***
4. If you do not feel comfortable using a computer or doing this registration alone, please reach out to a family member, friend or neighbor that can help you feel more comfortable as you go through this guide while you are utilizing the U.S. federal government websites noted here today.
5. **REMEMBER: SAM.gov is 100% free and an Official U.S. Government website!** <https://sam.gov>
6. It is extremely important that you answer every question based on your business and entity ownership structure appropriately.
7. The examples in this guide are *merely examples* and does *not* indicate or imply that is the answer you select or enter as your answer.
8. Double check your answers, double check the spelling of your legal business name and physical address (when prompted) and allow plenty of extra time to complete this process. **(2-3 weeks minimum for All Awards, 1-2 weeks minimum for Federal Assistance Only & obtaining a SAM UEI)**
9. Let's keep things smooth and hassle-free as much as possible with SAM.gov!

PREP WORK

WHAT ARE SAM.GOV AND THE UEI?

The U.S. government tracks each unique entity that is receiving *federal financial assistance* from any U.S government agency.

You can use SAM.gov to register to do business with the U.S. government.

A SAM.gov registration **is required** to bid on and receive payment for U.S. federal government contracts or *to receive federal funds*.

Registering includes both entity validation and entity registration.

A registration is not required by the federal government if your contract is *not federally funded*.

* Local examples that typically require a SAM registration:

- USDA Rural office
- City/Village who is awarding Community Development Block Grant (CDBG) funding
- Downtown Revitalization project through local Economic Development
- Banks and lenders

PREP WORK

WHAT ARE SAM.GOV AND THE UEI?

The U.S. government generates its own Unique Entity ID (UEI) internally through the System for Award Management (SAM.gov) registration.

SAM.gov is a **100% FREE** government operated website. It's FREE to register and FREE to maintain your registration record in SAM.

If you are being charged for this service, *please double check the website*, and you are not on any other websites.

MAKE SURE THE WEBSITE ENDS IN .GOV

PREP WORK

WHAT IS AN ENTITY?

The term “*entity*” refers to prime contractors, organizations or individuals applying for assistance awards, those receiving loans, sole proprietors, corporations, partnerships, and any U.S. federal government agencies desiring to do business with the government.

Basically, what that means, is anyone wanting to receive federal money must be vetted and registered using SAM.gov first.

SAM.gov is the official website of the U.S. government.

“*Entity*” can also refer to a party that has been suspended or debarred, is covered by a prohibition or restriction, or is otherwise excluded from doing business with the government.

Often, a SAM registration is utilized in determining who is excluded, prohibited and restricted from doing business or receiving federal government funding.

PREP WORK

WHAT IS ENTITY REGISTRATION?

An entity registration allows you to bid on government contracts and apply for federal assistance.

SAM.gov will assign you a Unique Entity ID as part of entity registration.

It is important to prepare your information and allow sufficient time to understand and *accurately* complete your registration.

You only need to complete and manage it on <https://sam.gov> to remain eligible for federal awards.

You must renew your registration *every 365 days* for it to remain active. (If required by your funding agency)

PREP WORK

WHAT IS AN ENTITY ADMINISTRATOR?

- 1) SAM.gov grants the Entity Administrator role to the *first user* to register a non-federal government entity in SAM.gov.
- 2) When there is an *existing* Entity Administrator, he or she can *invite or assign* other users to become an Entity Administrator.
- 3) Administrator roles cannot be requested.
- 4) If the previous admin is no longer with the organization or original access to the admin account has been lost, submit an Entity Administrator Appointment Letter ([KB0016652](#)) to appoint a new Entity Administrator. (This step will need to be completed on <https://FSD.gov> – additional instructions can be found using these two links on this page)

*** If you have issues at any time during this process, please contact the FSD.gov – either by creating an incident ticket, calling, or using their live chat feature.**

<https://fsd.gov>

PREP WORK

WHAT IS ENTITY VALIDATION?

Before you can register your entity, you must validate it.

Entity validation confirms an entity's existence, location, and uniqueness.

The uniqueness of an entity is based on it being a separate legal entity with a separate physical address.

An entity validation service (EVS) independently verifies the uniqueness of an entity.

SAM.gov verifies that there is no existing registration for the entity as part of validation.

Once your entity is validated, you will receive a Unique Entity Identifier for it. **This process is required by the Federal Acquisition Regulation (FAR) part 52.204-6.**

PREP WORK

WHAT IS A UNIQUE ENTITY ID (UEI)?

SAM.gov assigns a Unique Entity ID (UEI) to entities when they pass validation in SAM.gov.

The Unique Entity ID (UEI) is a 12-character alphanumeric identifier used in SAM.gov and other federal government systems to identify a unique entity.

* A DUNS number provided by Dun & Bradstreet is *no longer accepted* by the U.S. government as the Unique Entity ID (UEI) within SAM. Some government agencies may still ask for your DUNS number – please verify with your program funders before proceeding.

PREP WORK

GATHER INFORMATION

Gather the following key information before starting the process.

- ❑ Full Legal Name and Address of the Entity
- ❑ Name, Email address and Telephone number of the Entity Administrator
- ❑ Fiscal Year End (mm/dd) of the entity
- ❑ U.S Taxpayer ID information (EIN/TIN)
 - ❑ Social Security Number can be entered if the entity does not have an EIN/TIN
- ❑ Bank account information (routing & account number, bank's phone number)
- ❑ **Allow enough time to complete the SAM registration processes.**
 - Average time for obtaining a SAM UEI only = approximately 1-2 weeks
 - Average time for Federal Assistance SAM = approximately 1-2 weeks
 - Average time for All Awards SAM = approximately 2-3 weeks
(pending no issues)

PREP WORK

LEGAL BUSINESS NAME

Sole Proprietor = Individual's Name

Partnership = Individual's Name

LLC, Incorporations, or LLP = Entity Name

* Lookup the business name and/or address. Copy/paste EXACTLY (word-for-word, period-for-period, etc) from here: [Nebraska Secretary of State](#)

Doing Business As (dba) = Name on Business License

* DBAs are also referred to as "Trade Names" – Verification of the Trade Names can be found on the Nebraska Secretary of State's website, too.

Direct link to [Nebraska Secretary of State Corp & Business Full list of services](#)

TIP: Go to <https://www.nebraska.gov/sos/corp/> and find your business and/or Trade Name information. If it's active, accurate and complete, copy/paste the legal business name and physical address into the SAM registration when prompted.

- ❑ Right click on the website page of Nebraska Secretary of State of your business's registration and save a copy using the "Print a PDF" option in your computer printer settings. **Save it as a PDF** and make sure the website address is listed at the top (or bottom) of the document, along with the date you saved the document, and this will be one document ready to upload for entity validation. The reviewer will confirm the website origination of the uploaded document, so make sure you have that setting turned on!

PREP WORK

PHYSICAL ADDRESS

- Must have proof of *physical address* (P.O. Boxes can NOT be used for entity validation – it’s an automatic rejection because post office boxes do not prove a physical address exists)
- **Must match the USPS format**
 - **Quick example:** Entering in “St” instead of the entire word “Street” and “Ave” instead of “Avenue” – *this is very important* to know how to enter your address in SAM! You may not think it’s a big deal, but to get through this process with less resistance and delays, you need to be ready and knowledgeable with the right information.
 - **Can be:**
 - Residential location or commercial location (with an established physical address)
 - **Cannot be:**
 - Commercial Mail Facility (FedEx, UPS, Mail Cache, etc)
 - Virtual office

Look up your USPS address here: [US Post Office Address lookup tool](#) *before proceeding* with the SAM registration.

PREP WORK

DOCUMENTS FOR ENTITY VALIDATION – SOLE PROPS

COMMONLY USED DOCUMENTS FOR SOLE PROPRIETORS

- Validation of Legal Name, Physical Address, Date established (birthdate), and State: a *non-expired* Driver's License or State issued ID
 - NOTE: Must match 100% word-for-word with the information entered by you in the SAM registration**
 - Alternative documents to use (if the Driver's License information is not current/accurate: look at IRS Form 1040 with Schedule C for sole proprietors OR get an updated Driver's License before proceeding any further (temp cards are not accepted))

Additionally – pick EITHER a Utility bill OR Bank Statement (You will need one additional document below)

EITHER One Utility Bill (not older than 5 years) --- 3 options accepted

- Water
- Gas
- Electric

NOTE: the name and address on the bill must match 100% with the information entered by you in the SAM registration

OR One bank statement (not older than 5 years)

NOTE: the name and address on the bank statement must match 100% with the information entered by you in the SAM registration)

PREP WORK

DOCUMENTS FOR ENTITY VALIDATION – LLC & CORPS

COMMONLY USED DOCUMENTS FOR LLCs and CORPORATIONS

- Validation of Legal Name, Physical Address, Date established, and State: Nebraska Secretary of State registration
 - NOTE: Must match 100% word-for-word with the information entered by you in the SAM registration**
 - TIP: Go to <https://www.nebraska.gov/sos/corp/> and find your business information. If it's active, accurate and complete, copy/paste the legal business name and physical address into the SAM registration when prompted.
 - Right click on the website page of Nebraska Secretary of State and save a copy using the “print a PDF” option in your computer printer settings. Save it as a PDF and make sure the website address is listed at the top (or bottom) of the document you save for the reviewer to confirm the origination of the document.
 - Many times, the Nebraska Secretary of State registration will easily cover all 4 areas of validation.

Additionally – pick EITHER a Utility bill OR Bank Statement (You will need one additional document below)

EITHER One Utility Bill (not older than 5 years) --- 3 options accepted

- Water
- Gas
- Electric

NOTE: the name and address on the bill must match 100% with the information entered by you in the SAM registration

OR One bank statement (not older than 5 years)

NOTE: the name and address on the bank statement must match 100% with the information entered by you in the SAM registration)

The screenshot displays the FSD.gov website interface. At the top left is the 'fsd.gov' logo, and at the top right is a 'Sign In' link. Below the logo are navigation links for 'Home', 'Knowledge Base', and 'Live Chat with FSD'. A breadcrumb trail shows 'Home > Knowledge Base > Entity Registration'. A search bar is highlighted with a red box, containing the text 'Search' and a magnifying glass icon. On the left side, there is a vertical menu with various categories: 'All Systems (FAQs)', 'Entity Registration', 'Contract Opportunities', 'SAM.gov Data Services', 'Workspace', 'Federal Hierarchy', 'Fraud', 'Entity Reporting', 'Wage Determinations', 'SAM.gov Site Information', 'Login.gov', 'FOIA Requests', 'Assistance Listings', 'SAM.gov User Accounts', and 'Contract Data'. The main content area displays several articles under the heading 'Entity Registration'. Each article includes a title, a brief description, and a star rating. The articles shown are: 'Legal Business Name' (5 stars), 'Physical Address' (5 stars), 'Entity Start Year' (5 stars), 'How do i begin a registration for my existing Unique Entity ID (UEI)?' (5 stars), and 'Entity Validation' (5 stars).

SAM REGISTRATION

CREATE AN ACCOUNT ON SAM.GOV

- The first step is to determine who will be acting as the **initial Entity Administrator** to complete the registration process. The **Entity Administrator** will need to create a login.gov account by using the instructions found [here \(Creating of an Account on SAM.gov\)](#).
- Login.gov requires an individual person to create login credentials (email, password and 2-factor authentication method) that they can use to sign into multiple U.S. government websites such as SAM.gov and the Federal Service Desk (FSD.gov) using the same login credentials.
- You can choose *two forms* of duo authentication methods and one form being the one-time password (OTP) should your primary option fail.

If you have issues at any time during this process, please contact the FSD.gov – either by creating an incident ticket, calling, or using their live chat feature.

SAM.GOV VALIDATION PROCESS OVERVIEW

- The first step in obtaining the UEI and active registration is the Entity Validation process. ***This is where confusion often occurs.***

- **FREE Video TIPS:**

GSA.gov video tutorial on Validating your Entity in SAM.gov [click here.](#)

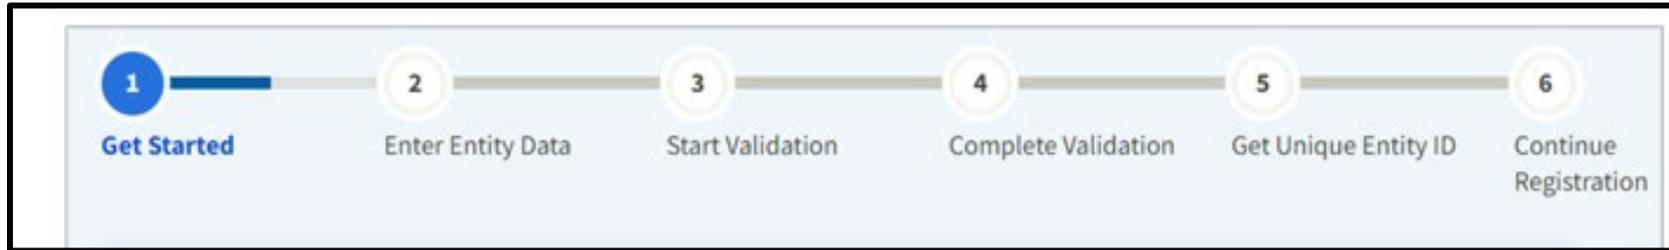

GSA.gov video resources on How to Obtain a Unique Entity ID (UEI) [click here.](#)

- SAM.gov wants to be *confident* they have the correct legal business name and physical address; they will need you to confirm this information by finding an exact match in their database. *Most entities find a match immediately, but in some cases additional documentation and a manual review is required.*
- **If you do not find a match, you will be requested to upload the requested official “authoritative” documentation.** SAM.gov representatives will review documents and contact you by email from fsdsupport@gsa.gov with further instructions.

REMINDER: If you have issues at any time during this process, please contact the Federal Service Desk (FSD) – either by creating an incident ticket, calling, or using their live chat feature. <https://fsd.gov>

6 ESSENTIAL STEPS OF CREATING A SAM ENTITY

From FSD.gov Knowledge Base for additional registration guidance:

- 1) Getting Started with Entity Registrations [Quick Start Links: Getting Started with Entity Validation](#)
- 2) Enter Entity Data [KB0058402](#) and [KB0060385](#)
- 3) Start Validation (YouTube Assistance on GSA's channel): [Getting Started on Entity Validation in SAM](#)
- 4) Complete Validation [What documentation do I need to validate my entity?](#)
- 5) Get Unique Entity ID (UEI) [KB0038643](#)
- 6) Continue to the SAM registration*

* If you are creating a NEW SAM.gov registration, went through Validation, and you created an Incident ticket during validation, you will need to stop and wait for the Entity Validation Service (EVS) Team to reach out to you to confirm acceptance of the validation paperwork uploaded in the incident report. Once accepted, you will then need to wait 2 days for information to be updated accurately before you can move on to the final SAM registration steps....

VALIDATION DATA DEFINED

Legal Business Name KB0058175
Print

about a year ago • ★★★★★

Your entity's legal business name is the name registered with your state filing office or the name used on legal documents, tax returns, or banking documents.

If you are operating a sole proprietorship, your legal business name is your own name, while your Doing Business As (DBA) name is any other name you use for your business. Your DBA name could be a trade name or one used for marketing purposes and is different from your legal business name.

Physical Address KB0058176
Print

about a month ago • ★★★★★

Your entity's physical address is the location where the principals of your organization conduct their business. The physical address includes street number; street name; city; country; U.S. state, U.S. territory, or province; and ZIP Code or postal code.

A post office box is not a physical address. **P.O. boxes will not be accepted** on your entity validation, registration, or for a Unique Entity ID.

If you work at more than one location or use a virtual office, your entity's physical address in SAM.gov should be the address where you keep the books and records for your organization.

State or Country of Incorporation KB0059570
Print

186 Views about a year ago • ★★★★★

State or Country of Incorporation is the location where you legally began doing business.

- For incorporated entities, it is the state (or country, for non-US entities) where they were incorporated.
- For non-incorporated entities, this could be where your organization was located at the time you started your business, where you filed your certificate or articles of formation, or where you filed taxes at the time you started doing business.

Entity Start Year KB0059235
Print

2mo ago • ★★★★★

SAM.gov may request your start year while validating your entity information or while entering data on the "Business Information" page during the registration. If requested, you must provide the year that your entity became incorporated, began doing business, or was founded or established.

Any documentation you submit **must** match the year you entered. Some entities may not be required to provide a start year. Documentation for the start year may be listed as "optional" on the Document Your Entity Details page, based on the information in the entity validation service (EVS) records.

If your entity **is incorporated**, give the year of your incorporation.

If your entity **is not incorporated**, provide the year of the date that your entity formally began doing business or was founded.

For example:

- The year a sole proprietorship provides on their tax filing as the year they opened their business, or the year they got their Employee Identification Number (EIN).
- The year a university was established or a university department was established
- The year a local government or department within a city or township was established by statute

WAITING FOR UEI ASSIGNMENT

The screenshot displays the SAM.GOV Entity Workspace interface. At the top, the SAM.GOV logo is on the left, and navigation links for Requests, Notifications, Workspace (highlighted with a red box), and Sign Out are on the right. Below this is a search bar and a 'Get Started' button. The main content area shows a list of entities. The first entity is highlighted with a red box and labeled 'Pending ID Assignment'. Below this, there are fields for 'Unique Entity ID: (blank)', 'Doing Business As: (blank)', and 'Physical Address:'. A 'Review Documents' button is visible. A table at the bottom contains one entry: 'INC-GSAFSD9052814' with a '+' icon and a 'Review Documents' button. A text box points to the '+' icon, stating: 'Click the + sign to view more details about the incident status and upload additional paperwork (if applicable)'. The status of the entry is 'New'.

STEP 4 – COMPLETE VALIDATION

NEXT STEPS

Submitted incident ticket – now what?

- ❖ Wait for response from GSA
 - Watch for email either stating entity has been entered or additional information is needed.
- ❖ Any additional documents must be uploaded from SAM.gov using the same incident ticket.
 - Go back to workspace
 - Click on “Pending ID Assignment”
 - Click on “Open Cases”
 - Click on the + sign next to the incident ticket
 - Click on “Review Documents”
This will expand the original document
 - Go through the same process to select the document type, check needed boxes to select what the document is validating, add comments, and then submit document
 - Go back to FSD.gov site and add comments

The screenshot displays the FSD.gov workspace interface. On the left, a 'Workspace' panel shows registration statistics: Active Registration (0), ID Assigned (0), Inactive Registration (0), Pending ID Assignment (1), Work in Progress Registration (0), and Submitted Registration (0). A 'Next Update Due' notice indicates 'Due in Next 30 days: 0 Entity Registrations'. On the right, a 'Pending ID Assignment' form is visible, with fields for 'Unique Entity ID: (blank)', 'Doing Business As: (blank)', and 'Physical Address:'. Below these, an 'Open Cases' button is present. The main area shows a list of incident tickets, with one ticket 'INC-GSAFSD9052814' highlighted. Below the list, there is a 'Review Documents' button and a 'Status' dropdown menu set to 'New'.

STEP 4 – COMPLETE VALIDATION

THE NEXT STEPS

Submitted incident ticket – so now what?

- ❖ Once you receive the email stating that the entity has been added (or information corrected) follow the directions to continue with the entity registration. (see **sample email to the right**)
- ❖ If you follow the steps and are not able to complete the registration for reasons such as:
 - Entity is not available on selection list
 - Entity is on selection list; however, the data is not showing corrections (wrong address, etc.)
 - Only part of the information has been corrected – for example legal name fixed but still has old address
 - Are required to validate documents which creates a new incident ticket
 - Contact the Federal Service Desk (FSD) for further assistance. <https://fsd.gov>

1. Sign in to SAM.gov. Select the "Workspace" link at the top of the screen.
2. Select the "Entities" link at the top of the box.
3. Find your entity in the list.

After the entity name, there is a status. It will say "Pending ID Assignment" (A), "ID Assigned" (B), or "Work in Progress Registration" (C and D). Depending on your entity status, use the steps in A, B, C, or D:

A. If your entity status is "Pending ID Assignment," select the "Get Started" button. This will let you continue, and you will not have to submit documents again.

1. Enter the name and address above on the "Enter Entity Information" screen.
2. You'll see matching information in a list.
3. Pick the match and confirm the information is correct.
4. Then you can request your Unique Entity ID.
5. You will get your Unique Entity ID.
6. Your entity is now validated. If you need to apply for assistance or bid on a contract, use the "Continue Registration" button.

B. If your entity status is "ID Assigned," find the three vertical dots after the entity's name. This will open a menu.

1. Select "Validate Entity" from the menu.
2. Enter the name and address above on the "Enter Entity Information" screen.

STEP 4 – COMPLETE VALIDATION

ENTITY VALIDATION TIMELINE

From FSD.gov (KB0064315):

How long does entity validation take?

KB0064315

3mo ago • ★★★★★

Entity validation is the first step in getting your Unique Entity ID (UEI) or registering in SAM.gov. Since we need to be confident we have the correct legal business name and physical address, we need you to confirm this information by finding an exact match to our database. Most entities find a match immediately, but in some cases additional documentation and a manual review is required.

If you submitted documents to us, we will review them and contact you by email from fsdsupport@gsa.gov with further instructions. The review time will depend on whether we can make a match from your original document submission (KB0055230) or if we need to request additional documentation (KB0057690). Less complex cases where documents matching the requirements have been provided may be resolved in as few as five days, where other cases may take several weeks. As of 01/02/23, the average time to complete a manual review is five (5) business days.

Remember, once we complete our review, you will be provided instructions via email from fsdsupport@gsa.gov on how to return to SAM.gov and complete the entity validation process.

Successful validation email example:

2023-10-31 19:45:34 Additional comments
Hello,

We have found your entity and updated your data based on what you sent us, and you need to take action to finish your registration or get your Unique Entity ID.

Here are your details:

Entity Name: [REDACTED] C
Entity Address: [REDACTED]
Entity City: [REDACTED]
Entity State: [REDACTED]
Entity Zip: [REDACTED]
Entity Country: [REDACTED]
Incorporation State: NE
Incorporation Date: 2012

We updated your information. Your information will be visible to you in SAM.gov in one business day. If you received this update after 3:30 pm Eastern time / 12:30 Pacific, please allow two business days for the updates in this email to be reflected in SAM.gov.

To finish your registration or get your Unique Entity ID, go back to SAM.gov and follow the steps below.

1. Sign in to SAM.gov. Select the "Workspace" link at the top of the screen.
2. To get your new UEI, select the "Get Started" button. You will repeat the process you went through before, but you will not have to submit documents again.

NOTE: If your entity already has an active or inactive registration, DO NOT select the "Get Started" button. Instead, locate the entity record you want to update, select the three dots near the expiration date (the Actions menu), and select "Update." If your existing registration is not shown in your workspace, go to fsd.gov and search for "How do I update/renew an existing entity registration in SAM.gov" for detailed instructions.

Take note: you will need to **wait 48 hours** from the date you receive this email before you can proceed to the SAM Registration!!

STEP 5 & STEP 6 GET A UEI & CONTINUE TO REGISTRATION

If all corrections have been made & you are able to select an entity that doesn't need correction you should be able to move through a series of pages until you see a screen that allows you to

- Click a green "Receive UEI" button

or

- click a green "Continue Registration" button

This means your registration status, legal business name, physical address, and other non-sensitive information can be displayed on SAM.gov to any authenticated user. If you feel the public display of your basic entity information poses a security threat or danger to you or your organization, you can restrict the public viewing of your registration record in SAM.gov by deselecting the checkbox.

If you choose to restrict your information from public view, it will also not be visible to other non-federal entities or state and local governments who may wish to do business with you. Certain programs may require you to be included in public search. Either way, your non-sensitive entity information remains available to federal government users and is available through public data services. [Learn more about SAM.gov public search](#)
